

# DiMI

## THEORETICAL AND PRACTICAL TRAINING

### SCHEDULE 2010

- **Basic kinetic modelling in molecular imaging**  
February 1-5, 2010 in Copenhagen (Denmark)
- **Brain PET image analysis using VINCI**  
March 1-4, 2010 in Cologne (Germany)
- **Microscopical research techniques in biomedical applications**  
March 8-12, 2010 in Antwerp (Belgium)
- **In vitro models as tools for the study of neurological diseases**  
March 11-12, 2010 in Barcelona (Spain)
- **Multimodal imaging of cell cycle regulation**  
March 16 - 19, 2010 in Cologne (Germany)

Master or PhD students in biology, chemistry, medicine, veterinary, pharmaceutical science, physics, mathematics and informatics as well as researchers and professionals from public and private institutions are invited to apply!
